

GAUHATI UNIVERSITY

Gopinath Bardoloi Nagar
Guwahati 781014 Assam

Dr. Guruprasad Khatanair, BE,M.Tech,Ph.D.,MIE
Academic Registrar

Memo No. GU/Acad//2050/2017

Dt. 06.09.2017

NOTIFICATION

It is hereby notified for the Principals of all colleges affiliated to Gauhati University that in an effort to attain greater digitization of the student management system, Gauhati University will switch over to a complete Integrated University Management System (IUMS), where all student related matters will be handled electronically including admission, registration, filling up of examination form and other related matters.

The IUMS initiative will be rolled out in a phased manner and integrated to start as early as September 2nd Week of 2017. The IUMS system will include a management portal for all at the student and college level and will be completely paperless.

Gauhati University therefore requests the active cooperation and participation of the Principals of all colleges affiliated to it for the successful implementation of this digital initiative. For this purpose, it is essential that the affiliated colleges gear up to provide certain minimal hardware facilities at the administrative level. At the minimum, we suggest the following configurations for each college.

1. Two or more up-to-date desktop computers/ Laptops with latest O/S (MS Windows, Linux, or Mac OSX).
2. Fully updated web browsers viz. Mozilla Firefox, Google Chrome, MS Internet Explorer etc.
3. Internet connectivity (either through leased line, VSAT, or 3G/4G network).
4. Printer.
5. Scanner.
6. Working e-mail address for the college administration, which will be used by the IUMS to communicate with the college.

As the IUMS will be fully integrated to the Internet, it will not depend on the Operating System of the computer.

As the IUMS will start in September 2017 and roll out modules for the current academic session in a phased manner, it is extremely necessary that the colleges have the above mentioned facilities at their disposal with persons with a certain amount of training to operate these.

Gauhati University will also organise hand-holding session for the colleges within September 2017 so as to impart certain amount of training on proposed online modules.

For initial queries on this online process please send email to "**gunodalofficer@gmail.com**" from authorized email of the college with details as Name of the College, Name of the Principal, Mobile number of the contact person.

This is issued with approval from the Hon'ble Vice Chancellor.
